I am humbled and honored to have been selected to participate in the Greek delegation for **Huawei's** flagship program "Seeds for the Future 2020".

We attended a set of ICT courses on 5G, Artificial Intelligence, Cloud Computing, and Huawei Mobile Services. We even managed to get a glimpse into the Chinese culture through a week-long series of online live sessions, since traveling abroad was not possible given the current circumstances with COVID-19.

Last month I had the honor to participate and graduate successfully from this year's Seeds for the Future program organized by Huawei!

Through this program I had the chance to gain solid knowledge on the fundamentals of many state of the art technologies which include:

- 5G
- Machine Learning
- Cloud Computing
- Huawei Mobile Services (HMS)

# Thank you.

把数字世界带入每个人、每个家庭、  
每个组织，构建万物互联的智能世界。

Bring digital to every person, home, and  
organization for a fully connected,  
intelligent world.
